

Main Line Fly-Tyers 2005-2006

NOTE: This months meeting Thursday April 20th
Don't forget to tie your fly for the Raffle!

Main Line Fly Tyers would like to thank Jack Mickievicz for his presentation. Jack talked about some new high quality, low cost, fly reels that are now available. He also talked about lines and knot strength as well as materials that are used for fly tying.

TOPICS OF DISCUSSION

Upper Delaware River Fishing Trip (Page 2)
Resica Falls
Opening Day on the Brodhead

Resica Falls Learn to Fly Fish Day

The event had a very good turnout despite the lousy weather. It rained, it sleeted, it snowed but the show went on! Due to the weather, some only stayed through lunch, but something was learned by all.

Opening Day

About 6 members went up on Friday to fish Resica Falls as a warm up to Opening Day. The weather was not cooperative as it rained most of the day. Those who fished the "Fire Hole", did catch fish. Congratulations to Frank Howard who caught his 1st Trout on a dry fly! Opening day was a different story, the weather was awesome. Many more members came up for that day. There were about 15 members fishing the stream with everyone catching fish. Many caught a few decent sized rainbows, with Mike Ebner catching 14 and Sam Vigorita catching 54!!!

Upcoming Events

Delaware Club Trip

June 2 –4

Join us on a trip to the legendary Upper Delaware River. We will be camping at a local camp only minutes from the water. There was a small turnout last year for this event. Lets try to make it better this year! More information as we get closer to the date!
