7:00 P.M.

Henry Ramsey

February's presenter will Henry Ramsey, the author of the new book "**Keystone Fly Fishing, the ultimate guide to Pennsylvania's Best Water**". He will be discussing what are the best hatches on Pennsylvania's best streams, where to find the hatches and how to fish them. He previously published Matching Major Eastern Hatches, New Patterns for selective Trout. Mr. Ramsey is an experienced fishing guide and fly tier and has been fly fishing for more than 35 years.

Last month's presenter

Landon Mayer gave an excellent presentation on streamers and a variety of fly fishing techniques.

Every Fly fisherman's dream car!!

The following ad is a Public service for the more upscale members of our club. If you must go fishing, at least get there in style!! Fortunately, Bentley Motor co. is now offering the ultimate fly fishing automobile. Eat your heart out peasants!!

BENTLEY LAUNCHES BENTAYGA FLY FISHING
BY MULLINER

Bentley has created the ultimate angling accessory; the new **Bentayga Fly Fishing by Mulliner**.

Hand-crafted by **Mulliner**, Bentley's bespoke coach building division, the Bentayga Fly Fishing by Mulliner is an exquisite installation which houses all the equipment required for a successful day on the river.

Four rods are stored in special tubes trimmed in Saddle leather with Linen cross-stitching and located on the underside of the parcel shelf. A pair of landing nets in matching leather bags are stored in a bespoke, carpet-trimmed hard pocket built into the side of the boot.

At the heart of the Bentayga Fly Fishing by Mulliner are three individual, Saddle-leather-trimmed units: a master tackle station; a refreshment case; and waterproof wader-stowage trunk.

The master tackle station and refreshment case sit on a sliding tray that allows for easy access. Inside the master tackle unit is a special Burr Walnut veneered drawer containing a fly-tying vice and tools, as well as a selection of cotton, hooks and feathers. Beneath this are four machined-from-solid aluminium reel cases trimmed in Saddle leather with a Linen cross-stitching.

The interior of the refreshment case is trimmed in Linen leather, and contains up to three metal flasks and a set of Mulliner fine-china tableware, as well as a separate food storage compartment. With a quilted leather finish on top, it can also be removed entirely and used as additional seating.

Waders and boots are conveniently stowed in a hand-crafted and Saddle-leather-wrapped wood trunk, lined with hard-wearing neoprene material to keep the items in a waterproof environment after use.

Of course, all three units can be removed from the Bentayga's boot whenever maximum luggage space is required.

Waterproof boot-floor and rear-sill-protection covers are discreetly integrated into the rear of the Bentayga Fly Fishing by Mulliner, as is an electronic dehumidifier unit to ensure the area remains fresh and dry.

Fly fishing is a sport that requires a variety of equipment and clothing, so it was essential to package the rods, reels, waders, boots and fly-tying station into the car in a luxurious, accessible and elegant

way – and the end result is truly extraordinary.”
